

Pennsylvania now offers ONLINE TRAUMA EDUCATION in your office, at your finger-tips

The Pennsylvania Trauma Systems Foundation (PTSF) now offers online educational opportunities . . . in your office, at your finger-tips.

ARE YOU PREPARED FOR ICD-10?

The Foundation's webinars are designed specifically for trauma program/trauma service-line staff. They provide the necessary tools to prepare for ICD-10 implementation *and beyond*. Contact PTSF for a FREE preview.

Webinars, from the 100-series, are offered individually, or as a "bundle." Sessions include:

- [Webinar 101](#): ICD-10-CM Conventions and Guidelines Review
Primary Topic—ICD-10 Clinical Modifications (CM) Conventions & Guidelines
- [Webinar 102](#): "S" is for injury in ICD-10-CM
Primary Topic—Overview of Chapter 19, Injuries
- [Webinar 103](#): E-codes No More! An Overview of Assigning External Causes of Morbidity in ICD-10-CM
Primary Topic—Cause of Morbidity
- [Webinar 104](#): ICD-10-PCS Conventions and Guidelines Review
Primary Topic—Procedural Coding Scheme (PCM) Conventions & Guidelines
- [Webinar 105](#): Time to Relearn Root Operations
Primary Topic—Root Operations
- [Webinar 106](#): Cheat sheet material? Top procedures coded
Primary Topic Procedure-Related

Additional ICD-10 sessions are offered; however, these courses are PA-specific. They are geared toward our *customized software programs** that were created by Digital Innovation, Inc. If interested, contact the Foundation directly with questions about these webinars.

*COLLECTOR™, TriCode™ and the DI Report Writer™ are all trademarks of Digital Innovation, Inc.

COMING SOON!

PTSF offers a "Basic Registrars Course," as well as an "Intermediate Registrars Course." These courses are offered to all trauma registrars. If interested, contact PTSF about the content of these courses.

 in your office, at your finger-tips

PRICING & CUSTOMIZATION

For regional and state-wide trauma systems, as well as large hospital systems, PTSF is willing to offer generous, volume-discounts. Additionally, PTSF is willing to develop customized tracking systems to alert you to what hospitals and/or hospitals staff members are taking part in your educational offerings.

PTSF is also willing to customize in-person, face-to-face educational opportunities. Please contact us for your specific needs.

MISSION & VISION

Our mission . . . in pursuit of optimal support for injured persons in Pennsylvania, the Pennsylvania Trauma Systems Foundation exists *to promote the advancement of trauma services*. We are committed to the reduction of death and disability caused by trauma and the provision of expeditious, evidenced-based, quality health care.

Our vision . . . *optimal outcomes for EVERY injured patient.*

CONTACT INFORMATION

For information related to educational opportunities, group rates and general information—please contact Kevin Burd, Director of Operations at kburd@ptsf.org or 717-697-5512, extension 104. We'll be glad to discuss your educational needs and how PTSF can be the solution. Our experience will work for you!
