

# POPIMS Central Site Standardization Work Group

Sandi Garrett, MSN, RN WellSpan York Hospital  
Kimberlee Hettel, BSN, RN Pocono Medical Center  
Kristie Leshko, RN St. Luke's Miners Campus  
Sarah L Mattocks, MSN, RN, CRNP, TCRN UPMC Hamot  
Mary Wenger, BSN, RN, CCRN Guthrie-Robert Packard

# OBJECTIVES:

- ▶ To develop a process for submitting death reviews to a central site.
  - ▶ Define the criteria for the deaths to be submitted.
  - ▶ Develop a review/reporting process to provide meaning to the data. What can be learned?
  - ▶ Discuss how audit of the death charts will streamline into the Taxonomy process of death review.
- 

# OUTLINE:

- ▶ Define death charts to be submitted with the goal of being able to identify outcomes that may lead to changes in practice, research or new guidelines/standards of care.
  - ▶ Discuss the review process
  - ▶ Discussion of how reported data will be used. By who, what, where and when.
  - ▶ Next steps: Taxonomy and Death Audits streamlining this process
- 

# TODAY

- ▶ All PA Trauma Centers are to participate
- ▶ Agreements have been distributed
- ▶ Limited data set, not including free text fields.  
Mortality only

Overall Appropriateness of Care

Inadequacies in Care:

### Overall Appropriateness of Care

Select:

- Acceptable
- Acceptable with reservations
- Unacceptable

### Inadequacies in Care

If care is appropriate, skip this box. Use this field for comments regarding inadequacies in care

Did the issues contribute to patient's outcome?

Yes or No.

No if no deviations in care identified

Primary Cause of Issue

:

if other

Cause of Issue

**Cause of Death:**

- 1, Acute MI
- 2, Cardiac Tamponade
- 3, CNS
- 4, Exsanguination
- 5, Hypoxia
- 6, Organ Failure
- 7, PE
- 8, Sepsis/Infection
- 9, Other
- \*, Unknown

**Cause of Complication:**

- 11, Pre-existing condition
- 12, Sequale of Injury
- 13, Infection due to Treatment
- \*, Unknown

99, Other

**How were the opportunities for improvement addressed?**

➤ Use this box for limited notes or clarification

# What's to Come

- ▶ V5 for 2017 – XML for 2018.
- ▶ The revised timeline for V5 roll out is March to mid 2017
- ▶ POPIMS process in the manual
- ▶ The committee recommends 90 days to close the death record and submit it to the central site. Is there a technical time limit for submitting records to the POPIMS central site. (DI did confirm that the timeline is two years)

## PTSF Board of Directors

- ▶ November 30, 2016
  - ▶ **Re:** Submission of mortality cases to POPIMS Central Site
- 

# Concerns related to the submission of POPIMS cases to the PTSF POPIMS Central Site

- ▶ Participation Agreements;
- ▶ Timeframe of cases being submitted
- ▶ Occurrences beyond mortality
- ▶ Availability and timing of education
- ▶ Role of the POPIMS Central Site in the accreditation process.

# Executive Committee Approvals

- ▶ January 1, 2017 will now be the admission date for mortality patients to be submitted to the PTSF POPIMS Central Site
- ▶ January 1, 2017 and forward must be submitted
- ▶ Mortality submissions will contain all issues associated with the mortality
- ▶ Submissions will be required within 90 days of the date of the patient's death
- ▶ Mortality submissions will be used by the Outcomes Committee in a blinded manner to identify best practices and support educational efforts
- ▶ The POPIMS Central Site will not be used during the accreditation deliberation process
- ▶ An educational webinar is being developed by the PTSF

# Clarifications:

- ▶ Re-opening the case for pertinent additional data such as autopsies or conclusions and resubmission is fine.
- ▶ The educational webinar –DI technical “How to Process” for downloading to the central site should be available to the PTSF December 15<sup>th</sup>, 2017. A link will be sent out to all centers.
- ▶ Legal questions regarding the Business Agreement, contact Terry Snavely at the PTSF <[tsnavely@ptsf.org](mailto:tsnavely@ptsf.org)>

# Thank You

- ▶ Nathan McWilliams, MPA, RHIA
  - ▶ Terry Snavely RN, BSN
  - ▶ Matthew Mowry, MSN, RN, CEN
  - ▶ PIPS Committee
  - ▶ All Centers who have been participating over the years
-
